## Purpose

The main aims of careers provision at Helen Allison School are to:

- Prepare pupils for life post-education.
- Develop an understanding of different career paths and challenge stereotypes.
- Develop an understanding of the differences between school and work.
- Inspire pupils to chase and achieve their dreams.
- Help pupils to access information on the full range of post-16 education and training opportunities.
- Support pupils after leaving school.
- Offer targeted support for vulnerable and disadvantaged young people.
- Instil a healthy attitude towards work.

## Scope

This policy applies to all NAS schools and children's services.

## Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Education Act 1997
- Education and Skills Act 2008
- Apprenticeships, Skills, Children and Learning Act 2009
- Equality Act 2010
- Children and Families Act 2014
- Technical and Further Education Act 2017
- The School Information (England) (Amendment) Regulations 2018
- DfE (2023) 'Careers guidance and access for education and training providers'

## Related documents

- Complaints Policy
- Data Protection Policy
- Child Protection and Safeguarding Policy

## Responsibilities

The principal is responsible for:

- Ensuring that all registered pupils are provided with independent careers guidance.

- Ensuring that arrangements are in place to allow a range of education and training providers to access all pupils and inform them about approved technical education qualifications and apprenticeships. A policy statement will set out these arrangements.
- Ensuring that the independent careers guidance is presented in an impartial manner, showing no bias or favouritism towards a particular institution, education or work option.
- Ensuring that the guidance includes information on the range of education or training options, including apprenticeships and technical education routes.
- Ensuring that the guidance that is provided promotes the best interests of pupils.
- Ensuring this policy does not discriminate on any grounds.
- Handling complaints regarding this policy as outlined in the school's Complaints Procedures.
- Providing clear advice and guidance to the principal on which they can base a strategy for careers education and guidance which meets the school's legal requirements.

The careers leader is responsible for:

- Managing the provision of careers information.
- Taking responsibility for the development, management and reporting of the school's careers programme.
- Planning careers activities, managing the careers budget and, where necessary, and managing and coordinating other staff involved in the delivery of careers guidance.
- Establishing and developing links with employers, education and training providers, and careers organisations.
- Liaising with various parties, e.g. the principal and careers adviser implement and maintain effective careers guidance.
- Providing pupils with effective careers guidance and supporting social mobility by improving opportunities for all young people.
- Supporting teachers of careers education and tutors providing initial information and advice.
- Monitoring teaching and learning in careers education, and the access to and take up of career guidance.
- Advising senior leadership on policy, strategy and resources for careers education, information, advice and guidance (CEIAG).
- Preparing and implementing a development plan for CEIAG.
- Reviewing and evaluating the programme of CEIAG.
- Using the [Gatsby Benchmarks](#) to improve the school's careers provision and ensure compliance with legal duties, with an ultimate aim to meet all benchmarks.
- Publishing details of the school's careers programme and a policy statement on provider access on its website.

- Ensuring that pupils with SEND understand their different career pathways, and enabling them to gain the skills, knowledge and experience they require to achieve their career goals.
- Providing a thorough, personalised career service throughout the school.
- Staying up-to-date with relevant CPD and developments in the CEIAG sector.
- Coordinating with the designated teacher for LAC and previously LAC to work with the relevant virtual school head (VSH) to ensure a joined-up approach to identifying and supporting career ambitions is achieved.

Teaching staff are responsible for:

- Ensuring careers education is planned into their lessons.
- Attending any relevant CPD or training to ensure they are up-to-date with the school's careers plan.
- Promoting careers guidance in the classroom through visual aids.
- Being good role models for their particular area of work or specialism.
- Creating a learning environment that allows and encourages pupils to tackle real life challenges, manage risks and develop skills that can be applied to the workplace.

## Operational Delivery

### **Developing a stable careers programme:**

The school will have its own careers programme in place which meets the requirements of the eight Gatsby Benchmarks:

- A stable careers programme
- Learning from career and labour market information
- Addressing the needs of each pupil
- Linking curriculum learning to careers
- Encounters with employers and employees
- Experiences of workplaces
- Encounters with further and higher education
- Personal guidance

The programme will be reviewed termly against the benchmarks to ensure it remains on target.

The school will demonstrate how it is working towards each Gatsby Benchmark, as part of its careers summary, including the aims, objectives and activities provided for each year group.

Regular feedback from pupils, parents, teachers, governors and employers will be invited. Feedback will be used to contribute to the development of the school's careers programme to ensure it meets the needs of all pupils.

A careers leader will be appointed to ensure the leadership and coordination of a high-quality careers programme. The careers leader will be recruited alongside the suggested requirements to ensure the role is correctly fulfilled. The careers leader is Lisa Waters.

The appointed careers leader will possess the following skills:

- Leadership – they will be a good leader who takes responsibility for developing, running and reporting on the school careers programme
- Management – they will be able to plan careers activities, manage the careers budget, and manage other staff involved in the delivery of careers guidance where necessary
- Coordination – they will be a careful coordinator of staff from across the school or college and from outside
- Networking – they will be a good networker who can establish and develop links with employers, education and training providers and careers organisations.

The school will ensure all requirements to meet 'Benchmark 2: Learning from career and labour market information' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

The school will ensure every pupil, and their parents, has access to high-quality information about future study options and labour market opportunities. Pupils and their parents will be referred to an informed advisor to help them make best use of the information available.

The school will ensure pupils and their parents understand the value of finding out about the labour market, and support them in accessing this information. Pupils and their parents will be provided with information on the benefits of understanding the labour market, including the salaries and promotion opportunities for different jobs, and the volume and location of vacancies across different sectors.

The school will ensure that all pupils, by the age of 14, have accessed and used information about career paths and the labour market to inform their own decisions on study options. Pupils will be provided with the necessary links and information that will enable them to access this. Access will be monitored to review whether pupils are making the most of the service, and if not, what can be done to ensure they do.

Parents will be encouraged to access and use information about labour markets and future study options to inform their support to their children.

The school will make use of local enterprise partnerships to provide pupils with presentations and workshops on the local labour market and employer expectations. The information provided through the partnership will be used to shape career guidance and workshops in schools.

To support social mobility, the school will work to raise pupils' aspirations and tackle stereotypical assumptions. Interventions will be used to tackle gender stereotypes; arrangements will be made for pupils to talk to employees who work in non-stereotypical jobs to raise awareness of the range of careers that STEM qualifications lead to.

The school will use labour market information, such as job roles, pay and vacancies, to inform pupils about the trends and opportunities in each industry. Information about a diverse range of progression pathways will be shared with pupils, including technical routes, to strengthen their capacity to make effective choices.

### **Addressing the needs of pupils**

The school will ensure all requirements to meet 'Benchmark 3: Addressing the needs of each pupil' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

The school's careers programme will aim to raise the aspirations of all pupils whilst being tailored to individual needs. The programme will inform pupils of the range of opportunities available to them, encouraging them to aim higher and make choices relevant to what they feel they can achieve.

All forms of stereotyping will be prohibited in the careers advice and guidance that is provided, to ensure pupils of all genders, backgrounds and abilities can consider the widest possible range of careers. The school's careers programme will actively seek to challenge stereotypical thinking and raise aspirations.

The school will tailor careers activities and educational goals to the needs of each pupil, taking into account their prior knowledge and skills, the choices they may face, and any additional support they may need to overcome barriers to progression.

Comprehensive and accurate records will be kept to support the career development of individual pupils at all relevant stages of education, beginning from the first point of contact. These records will be stored securely and access to this information will be permitted, should a pupil or their parent request it.

Destinations data will be retained by the school for at least three years after a pupil has left school. This data, e.g. the percentage of pupils attending sixth form in the following term, will be published on the school's website alongside the school's careers programme.

Data retained will be collected, stored and managed in line with the Data Protection Policy and Records Management Policy.

The school will collect and analyse destinations data to assess how well the careers programme is countering stereotypes and raising aspirations. The data will be reviewed by the principal and careers leader on a termly basis who can then base

further development of the school's career guidance plan on the results and areas of success or failure.

### **Providing targeted support**

The school will work with the LA, children's social care and VSHs to identify pupils who are in need of targeted support or those who are at risk of not participating in post-16 pathways, such as:

- LAC and PLAC.
- Care leavers.
- Pupils from Gypsy, Roma and Traveller backgrounds.

Agreements will be made on how these pupils can be referred for support drawn from a range of education and training support services available locally. The school will share the relevant data on these pupils with the LA and local education and training providers where support costs may be required, such as care leavers and pupils who are eligible for FSM.

The school will work with Jobcentre plus under their 'Support for Schools' programme.

The school will ensure that pupils understand the programmes available to support them and the financial costs associated with staying in post-16 FE. To support pupils who are likely to need support with post-16 participation costs, such as those with SEND, the school will work with the LA and local post-16 education or training providers to share pupil data and ensure these pupils receive such support.

Pupils will be made aware of the 16-19 Bursary Fund, which has been devised to support those individuals with a financial hardship. They will be advised of how to access this funding and who they should speak to in order to find out more information.

### **Supporting pupils with SEND**

All pupils in our schools have identified SEND. We will ensure that careers guidance is differentiated, if appropriate, and based on high aspirations and a personalised approach. The annual reviews for a pupil's EHC plan will be informed by good careers guidance.

The careers leader will work closely with the SENCO and other staff to support pupils with understanding different career pathways and how to develop the necessary skills, knowledge, experience and qualifications to succeed and fulfil their potential. The school will work with families of pupils to help them understand what career options are available.

Surveys will be conducted to find out individual pupils' aspirations. The results of the surveys will create careers guidance and experience that will be tailored to pupils needs based on their own aspirations and abilities.

Careers guidance will take account of the full range of relevant education, training and employment opportunities. It will inform pupils about the ways employees with SEND are supported in the workplace. Guidance will focus on a pupil's career aspirations and the post-16 options which are most likely to give the pupil a pathway into employment or HE.

The school will build partnerships with businesses and other employers, employment services, and disability and other voluntary organisations. Pupils will be prepared for encounters with employers and provided with any special support that will allow them to benefit fully from the experience.

Our pupils, will have the opportunity to hear from adults with disabilities who have succeeded in their careers as part of the school's successful careers strategy.

When arranging work experience for pupils, the school will work with the employer to determine any additional support that will be needed during the work placement.

### **Linking the curriculum learning to careers**

The school will ensure all requirements to meet 'Benchmark 4: Linking curriculum learning to careers' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

The school will work to encompass careers education and guidance into subjects across the curriculum. All teachers will be asked to support the career development of young people in their role and through their subject teaching.

The school will ensure all requirements to meet 'Benchmark 5: Encounters with employers and employees' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

The school will engage with local employers, businesses and professional networks, inviting visiting speakers, and alumni with whom pupils can relate to. Every pupil will be exposed to the world of work by the age of 14.

Where possible the careers programme will have a strong employer focus, allowing pupils to meet with sector representatives and businesses, to gain insights into a range of industries and sectors. This will include the opportunity to learn about the entrepreneurial skills needed for certain types of self-employment. Pupils will have the opportunity to meet with individuals from different levels within an organisation and those who have followed a variety of pathways into employment.

### **Providing work experience**

The school will ensure all requirements to meet 'Benchmark 6: Experiences of workplaces' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

Where possible the school will ensure that all pupils have had at least one first-hand experience of a work place by the age of 16, additional to any part-time jobs they may have.

The school will endeavor to ensure that where possible, by the age of 18, or before the end of their programme of study, every pupil has had at least one further first-hand experience of a workplace, additional to any part-time jobs they may have.

Where required and appropriate, virtual experiences of the workplace will be used to complement the in-person experience.

Work experience will be designed to meet the needs of individual pupils, with particular consideration for the SEND needs of our pupils and those from disadvantaged backgrounds. The school will carefully match the placement to each pupil's ability, needs and aspirations. The school will work with the employer to put in place additional support within the work placement for pupils with additional needs, where required, and help prepare the pupil for the work placement.

### **Enabling encounters with further education (FE) and higher education (HE)**

The school will ensure all requirements to meet 'Benchmark 7: Encounters with further and higher education' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

The school will ensure all pupils understand the requirement to remain in education or training until their 18th birthday and what this requirement means for them. The school will ensure pupils are aware that this does not mean they need to stay in school, and that they may:

- Study full time in a school, college or with a training provider.
- Undertake an apprenticeship, traineeship, or supported internship.
- Work or volunteer 20 hours or more a week, combined with part-time accredited study.

The school will provide pupils with a range of information and opportunities to learn about the academic and technical pathways for education, training, and career paths throughout their school life, to prevent last minute decision-making. The school will not present HE more favourably compared to FE or other technical routes, nor will it disproportionately promote its own sixth form over other options.

By the age of 16, every pupil will be provided the opportunity to have a meaningful encounter with providers of educational opportunities, including sixth forms, colleges, universities and apprenticeship providers, and supported internships.

Pupils will be encouraged to use information tools, such as websites and apps, which display information about opportunities, such as the National Careers Services' [Find a Course](#). Education and training providers will have access to all pupils in Years 8 to 13 for the purpose of informing them about approved technical education qualifications and apprenticeships.

The school will ensure that there are opportunities for providers to visit the school and speak to pupils in Years 8 to 13 by maintaining connections with providers of FE and apprenticeships, and arranging regular visits, presentations and workshops. A range of opportunities for visits from providers offering other options, such as FE will also be provided.

### **Providing personal guidance**

The school will ensure all requirements to meet 'Benchmark 8: Personal guidance' as outlined in the DfE's '[Careers guidance and access for education and training providers](#)'.

Careers advice provided by the school will be unbiased and maintain the best interests of individual pupils at all times. The school **will not** promote particular career or progression routes as better or more favourable than others; however, pupils will be advised, where evidence supports it, whether a chosen course has the potential to lead to poor career outcomes.

All pupils will be provided with opportunities for personal guidance interviews with a qualified careers adviser. Such interviews will take place by the time the pupil reaches age 16, with the opportunity for a further interview by the age of 18.

Careers advisers working with pupils with SEND will use the outcome and aspirations in the EHC plan to focus discussions. Careers advisers working with LAC or care leavers will use their personal education plan to focus discussions. These pupils will have a named adviser who will build a relationship with them to better understand their individual needs.

### **Sharing information**

The school will provide the relevant information about all pupils to the LA support services including:

- Basic information, such as the pupil's name or address.
- Other information that the LA requires to support the pupil to participate in education or training to track their progress.

Pupils with SEND will have their data monitored by the LA up until the age of 25.

The school's privacy notice will offer pupils and their parents the opportunity to ask for personal information not to be shared.

LAs will be notified, as early as is possible, whenever a 16- or 17-year-old pupil leaves an education or training programme before completion. The school will agree on local arrangements for ensuring these duties are met.
