Safeguarding and Child Protection Information

If you are concerned that a child or young person is at risk of harm or abuse, it's vital that you tell someone.

We are not asking you to make judgments or interfere in other people's lives. We simply want to ensure that children get the help, support and protection they may need. Our Designated Safeguarding Team information is listed within along with other useful contact details.

We ask you to ensure that mobile phones or similar devices (such as smart watches) are on silent. Please do not use your devices around the children and young people or use them to take photographs or videos whilst on the school site.

At Robert Ogden School we aim, within a safe environment, to provide students with the skills, knowledge and understanding to develop online safety skills that will keep themselves safe online within the school and beyond, now and in the future.

This includes learning about:

- Protecting their identity and personal information.
- Respecting others online.
- Maintaining privacy settings.
- How to report concerns.
- Teaching who a stranger is.
- Never arranging to meet with people they meet online.

The Prevent Duty is the duty in the Counter-Terrorism and Security Act 2015 on specified authorities, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism.

All staff at Robert Ogden School have received PREVENT training and understand our duty to report possible radicalisation.

If you have any concerns related to possible radicalisation please contact a member of our safeguarding team who will follow procedures.
